GERMANS MAY ASK ALLIES TO OCCUPY BERLIN

Amsterdam, Dec. 13.—The German government will ask the allies to occupy Berlin, in case the Bolshevik movement continues to grow, Philip Scheidemann declared in a speech at the capital, according to Berlin dispatches received today. Berlin predicted that American troops would soon arrive in Berlin, upon which his audience cheered.

"The government has decided to shrink from nothing to re-establish order," Scheidemann declared, in addressing an open air meeting. "We will request the enemy armies to occupy Berlin, if the Spartacus group continues its demonstrations. We may have the American troops here shortly—God knows for how long. Is that what the people of Berlin want?"

"Long live Wilson!" the crowd shouted. "Better the Americans than the Spartacus!"

CITY COMMISSION ENDORSES STAND OF PHYSICIANS

At its regular meeting held Thursday evening the City Commission passed a resolution by unanimous vote approving and endorsing the resolution recently adopted by the Greene County Medical Society regarding the city water supply. The resolution also instructed the City Manager to continue regular tests of the water and to make an earnest effort to develop another supply of water for the city. City Manager Riddle states that tests are being made every two weeks and he is also working on several plans for developing a water supply.

The matter of safe guarding the public health during the present influenza epidemic was discussed at length by the city authorities and they agreed that it is useless to try to combat the disease by closing stores certain hours each day. Quarantining of homes is also regarded as impracticable, as persons who are taking the disease spread it about before they become ill enough to remain in the house. It was agreed that the best thing for the city authorities to do at this time is to encourage everyone to be careful to avoid spreading the disease. The managers of the picture theaters have agreed, at the request of the city authorities, to exclude persons from their theaters who have colds and to throw shields on the screen urging the people to be careful. Merchants will also be asked to put notices in their advertisements requesting people ill with colds to do their shopping by telephone. The following notice was prepared by the city authorities and ministers are requested to read it at every service in their respective churches:

"If you have any of the symptoms of cold or grip, consult your physician. If you don't know the symptoms find them out. If you don't value your own life, at least realize that others care to live. If you are at all suspicious of your condition and fall to use every precaution to protect your own life and the lives of others then you may be guilty of suicide or first degree murder. To stamp out the serious epidemic of influenza each person must assume the personal responsibility of guarding his own life and the lives of others. If you have any signs of a cold stay away from others."

The matter of raising the salaries of the members of the fire department was given favorable consideration and an ordinance was presented providing for an increase of \$5 per month for three of the firemen and \$15 a month for Charles Mahana, upon whom has been placed the responsibility for the care of the motor fire truck. The firemen agreed that they would be willing to have their pay cut when they are off duty for any cause whatever. This will make it possible to have substitutes without extra cost to the city. With the increase the fire department payroll is still \$30 per month under the old payroll when two fire department houses were maintained.

OCCUPATION OF RUSSIA URGED

London, Dec. 13.—Allied occupation of Petrograd, Kronshtadt and Moscow is advocated by Rear Admiral Kemp, in a letter to the Times. He was senior British naval officer in Northern Russian waters until November.

HOW THE WORLD WAR WAS BROUGHT TO A CLOSE

Admiral Foch receiving German armistice delegation. Picture shows (1) Marshal Foch, (2) Admiral Weymss, (3) General Rhodes, (4) General Weygand, (5) M. Erzberger, (6) General von Cudell, (7) General von Winterfeld, (8) Count Oberndorff.

The picture printed above shows the arrival of the German armistice delegation at the field headquarters of Marshal Foch, in a railroad car behind the lines, to ask for an armistice. This act sounded Germany's end and the close of the world war. The allies' generalissimo forced the delegates, M. Erzberger, General von Cudell, General von Winterfeld and Count Oberndorff, to ask plainly for an armistice. The picture shows the military members of the German delegation saluting Foch and his aids. The allied heads are returning the salute. Erzberger and Oberndorff have removed their hats. Being civilians they did not salute in military style.

BRYAN GIVES FARM TO STATE ON CONDITION RELIGION IS BARRED

On condition the State of Ohio never permit establishment of any religious institution or permit any religious public worship to be held thereon the state is to become the possessor of the 500-acre farm at Yellow Springs, of John Bryan, poet, writer and inventor, who died at the Palace Hotel in Cincinnati, last Monday.

Provision for the gift is made in the will of Bryan, filed for probate in Hamilton county, Thursday, and in an ante-nuptial agreement with his wife, Fredericka Bryan.

If the state accepts the property as a gift the farm is to be turned into a public forestry, botanic and wild animal reserve park.

Should the State of Ohio refuse the gift, the property is to be tendered under the same terms and conditions to Greene county, within the confines of which it lies.

Bryan's wife is given \$100,000. Under the will she is to receive \$5,000 a year until she reaches the age of 40 years, when she is to have the balance of the \$100,000 bequest. Miss Ella Maud Bryan, 837 Kenyon avenue, Cincinnati, who managed Bryan's business, the Physicians' Supply Co., in Cincinnati, is made a beneficiary to the extent of \$50,000 under the will for "faithfulness" in his employ.

To the children of his brother, Dr. Alonzo Bryan—Dr. L. D. Bryan, Edwin, Devana and Mary V. Bryan—he gives \$5,000 each, and his niece, Minerva Bryan is to receive \$20,000. Bessie Curtin, of Cincinnati, who was employed as a clerk in the supply company office, is to receive \$5,000 under the will.

All the residue of his estate is to be used "economically in printing, publishing and distributing my letters, writings and scientific discoveries and mechanical inventions, in cheap and respectable form, for the purpose of bettering the condition of mankind," the will reads.

The will sets forth the unusual ideas and eccentricities of the man who amassed a fortune of at least \$1,000,000, and had peculiar ideas of spending it while he lived, and disposing of it after his death. On his Yellow Springs farm, where he and his wife spent much of their time, Bryan erected what Greene county citizens assert is the largest barn in the world.

Bryan's will was drawn April 7, 1916. A striking feature of the will deals with the bequest of his farm, which reads:

GERMAN KULTUR.

London, December 13.—Hugh Merries, a hunchback dwarf, four feet tall, formerly a tailor, is President, and a washerwoman is Minister of Education of the Republic of Brunswick, the Daily Chronicle learns from its Amsterdam correspondent.

The Duchy of Brunswick was one of the first German states to be turned into a republic, and its monarch led all other Princes in abdicating. The former Duchy is now completely in the hands of the German "Reds."

The hunchback-President gets \$17,500 a year, which he insists on having paid in daily installments. His first act was to order a search of all houses and arrest all enemies of Red Rule. Thereupon he appointed as Minister of Education a washerwoman.

Brunswick's President of Police is a former factory hand. Wives of Red Guard soldiers are living in the former ducal palace. The Red Guards are organizing robber expeditions to Salzgitter and other near-by towns.

JAPAN WILL NOT GIVE AID TO CHINA

London, Dec. 13.—An official dispatch from Peking today stated that Japan had decided to withhold financial aid from China.

MORE NURSES SOUGHT

Cleveland, O., Dec. 13.—The Red Cross today issued another appeal for nurses to care for the sick in those Ohio districts where the influenza epidemic has not abated. The appeal was sent out by Miss V. Lora Lorimer, R. N. director of nursing in the Lake division, who made it plain that the Red Cross is not asking for volunteer nursing.

AMERICANS ARE ENCAMPED ALONG RHINE FOR DISTANCE OF 60 MILES

BY WEBB MILLER.

With the Americans on the Rhine, Dec. 12.—(By Courier from Coblenz to Nancy)—The Americans are encamped along the historic Rhine, for a distance of sixty miles. Their patrols are guarding the left bank.

The second division won the race of the main force to reach the river. The thirty-second, first and third divisions finished in the order named.

The doughboys' camp fires were gleaming tonight throughout the valley. They are awaiting orders to cross to the east bank, which are expected tomorrow.

American troops are guarding Tölz castle, which was a summer and ordering all public places closed home of the former kaiser. They are

CLOSE SCHOOLS TO FIGHT "FLU" RECOMMENDED

Washington, Dec. 13.—A marked increase in the number of cases of Spanish influenza throughout the country today, prompted surgeon-general Blue to issue a warning, urging the same precautions that were emphasized several weeks ago, when the epidemic was at its height.

While the disease is by no means as prevalent as it was at that time, neglect to obey the simple rules formulated may result in much unnecessary illness and loss of life, Blue warned.

Blue advises closing of the schools at the first sign of reappearance of the epidemic, pointing out that the disease apparently is now more prevalent among children.

Conditions are the worst in Pennsylvania, Louisiana, and on the Pacific coast, he reported.

Recrudescences of the epidemic have taken place in many important Ohio cities, including Cincinnati, Cleveland, Columbus, Akron, Ashtabula, East Liverpool, Salem and Youngstown. The disease in Ohio, however, appears to be milder than when it last visited that section.

HOLLAND PAPER WANTS KAISER TO LEAVE COUNTRY

Amsterdam, Dec. 13.—The Nieuwe Van Den Tag urges the government to request the Hohenzollerns to leave the country.

Premier Keerenbrück declared, in a speech, that the government is willing to discuss with the entente, the extradition of the Hohenzollerns. He stated that the present arrangement is provisional.

WILSON IS GREETED AS A MESSENGER OF JUSTICE AND PEACE

Brest, Dec. 13.—President Wilson stepped ashore on French soil at 3:32 o'clock this afternoon. Mrs. Wilson preceded the President carrying a small flag. The George Washington dropped its anchor at 1:36.

As the liner completed her historic voyage, a launch bearing official welcome party shot alongside. In it were Col. House, General Bliss, General Pershing, Admiral Benson, Admiral Wilson and the President's daughter, Miss Margaret.

They remained aboard until the President and his personal party came ashore.

The President and Mrs. Wilson left the George Washington in a tug flying the Presidential flag. As they neared the landing slip the warships and shorebatteries fired a salute of 21 guns and a band struck up "The Star Spangled Banner."

The brilliant sunlight brought the huge replica of the statue of liberty in the city into sharp relief and turned the flags and bunting into a riot of color. The hills rising from the waterfront were crowded with Breton women and girls in their quaint native costumes.

The official reception committee on shore was headed by Mayor Hervagault. The mayor in welcoming Wilson, saluted him as the "Messenger of Justice and Peace."

"You bring to tormented Europe the comfort of your authoritative voice in the debates which will end our quarrels" he said.

Included in the reception committee were Foreign Minister Pichon, Marine Minister Leygues and Andre Tardieu, commissioner of Franco-American relations.

Eight American canteen workers presented Mrs. Wilson with a bouquet as she stepped onto the pier. They were the only women participating in the ceremonies.

By Fred S. Ferguson.

Brest, France, Dec. 13.—(9:50 a. m.)

Twenty-six American destroyers dashed out of the harbor here this morning to join the squadron of dreadnoughts and destroyers from England in conveying President Wilson into port.

The drizzle of rain which had continued for several days ceased with the first break of day. At the same time the blanket of fog over the harbor began to lift, revealing the gaily decorated craft, and the grey, encircling hills, which served as a frame for the brilliant picture. The city is picturesque in its holiday attire, of flags and bunting.

The president's lucky number to be made doubly lucky by the fact that this is Friday, lucky 13th and there would be every prospect that the weather would do its part in providing the proper setting for the historic event in which, for the first time, a president of the United States set foot on foreign soil.

The signal corps has completed a telephone line from Brest to Coblenz and President Wilson will be able to talk from here to American headquarters if he desires.

This circuit is part of the great American telephone system which now totals more than 215,000 kilometers (133 miles). It includes a direct wire from American main headquarters at Chaumont to London.

FOREIGN MINISTER OF ARGENTINE IS IN FAVOR OF LEAGUE

Buenos Aires, Dec. 7.—Honorio Pueyrredon, Argentine foreign minister, declared in an interview with the United Press today that his government is a strong advocate of the league of nations.

"I think the league of nations is the most wonderful idea yet advanced by your great President," said Pueyrredon.

"The league would be extremely powerful, and sufficiently strong to guarantee absolutely the future peace of the world—provided the nations can pocket their petty egotisms."

"It would be a pity if the opportunity afforded by the peace conference is allowed to pass. Now is the time to form the league."

Regarding the freedom of the seas, he said:

"Argentina expressed herself on the freedom of the seas when she sent the note to Germany after the sinking of the Tornedo. She demanded satisfaction and insurance that the Argentine flag would have the liberty of the seas."

A CHILD HATES OIL, CALOMEL PILLS FOR LIVER AND BOWELS

Give "California Syrup of Figs" if cross, sick, feverish, Constipated.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children, it's different. Mothers who cling to the old form of physic simply don't realize what they do. The childrens revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown up plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

DISCOURAGED

You have tried everything. It's the same old story. I hear it everyday. Your courage is gone, your faith is gone. The end would be gladly welcomed, but even that won't come. What would you give to be a well man? A well woman? What wouldn't you give? Worse cases, perhaps than yours, are yielding as if by magic to its subtle power. Why not your case? I will leave it to your intelligence and good judgment. Slaves to mock, or false modesty, you deserve to suffer. 96 per cent of the supposed incurable cases could be relieved physically and mentally, if they would only confess it to a friend, family, or better, a skilled physician. Don't argue I've tried electricity with no results—you may have no idea what an up-to-date electrically equipped institution really is.

IF I ONLY KNEW JUST WHAT AILS ME.

How often have you made this remark? Yet you continue to suffer, hesitating to seek aid because you consider that medical attention would be too expensive, or, perhaps, are you dissatisfied with past treatment.

Remember, all the wishing, hoping and praying never cured any real physical ailment. Then, why continue to grope in the dark, suffering pain, discomfort and dissatisfaction? An X-ray examination will cost you but one dollar and is considered by the medical profession as one of the greatest aids to a correct diagnosis. If your case is not incurable you can be treated in one of the most completely equipped offices in the Middle West. 25 years' experience.

STAR BASKET BALL TEAM IN PROSPECT FOR X. H. S. THIS YEAR

If a prediction can be made at this early date, Xenia High School basketball team will this year be one of the most formidable court aggregations that has yet taken the floor in defense of the blue and white.

This assertion is not the result of any form of clairvoyance, but is based on practical facts which evidenced themselves at the initial practice session of the local lads which took place under the supervision of Coach V. L. Faires at the rink Thursday evening. Preceding the practice, the mentor addressed the candidates for the basketball teams, outlining his plan of action and laying down the rules that will govern the squad this year.

Coach Faires announced that all use of tobacco by candidates for either team is taboo and he consigned the use of candy to a like fate. Both are injurious to athletes under training and will not be tolerated by the director. The coach also announced that candidates must be on the job at once as the squad will be sheered down to two teams shortly after the start of the season, in order that the Coach will have more time for the improvement of each quintet, giving each a like period of attention in order that he will have a capable list of substitutes on the roster of the second string outfit.

The initial try-out was most pleasing to Coach Faires who believes he has the nucleus for one of the best basketball teams that has ever worn the blue and white. Four men are back from last year, among them being Hartsock, forward; Currie, center; Manager Vannorsdall, guard, and Owens, guard. Eight for positions on the team are a likely bunch of candidates, including Kestle, who is out for center, Bruno, who is trying for the same position, Richards, Wade and Bales, who are trying for forwards; Hyman and Finley who play guard and Benbow, who will likely be placed either at center or forward. This latter lad comes to the locals after considerable experience in the court game acquired at Muncie and Eaton, Ind., having played on the high school teams of both places. He is a newcomer at the East Market street school and is gladly welcomed in local athletics.

Only one change is made in the basketball rules for this season, and it regards the end zone, which is changed from the end zone of last year to a full two-foot zone, making the court a complete rectangle. Rules are also appended regarding play in this territory.

The local quintet will take the floor for the first time next Friday night, when it meets Lebanon High School at the Rink. Local basket ball enthusiasts are already hearing the lure of the court game and will undoubtedly pack the big hall to give the locals an auspicious opening. Season tickets will be placed on sale next week.

Cloudburst in Scotland.

A cloudburst recently in the Mourne mountains, at the upper side of Pigeon Rock, on the part known as the Green stream, about five miles from Killeel, Scotland. It struck the face of the mountain on about a thirty-five yards width, with the result that several thousand tons of rock, gravel, moss, and sand were swept into the White Water river with such force that its banks burst in many places for a long distance, doing considerable damage to crops along the bed of the river. Besides that a number of sheep were lost. Such an occurrence has not happened before in the district in the memory of the oldest inhabitant.

Quinine That Does (Not Affect Head Because of its tonic and laxative effect. LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.

WORK OF THE RED CROSS MUST GO ON THROUGHOUT WORLD

The American Red Cross is an emergency organization by nature—it deals with problems as they arise.

No better illustration of this fact can be given than to recall its work since America entered the war. If a hospital was needed in an emergency at any particular point—quickly—the Red Cross supplied it. If a train load of troops crossed the country and for one reason or another the provisions failed, the Red Cross has had the facilities and the organization to cope with the situation and to send these boys on their way happy and with full stomachs.

What has been the record of the Red Cross—it has never failed to answer a call of distress, no matter what or when or how that call came.

It is already preparing for service in peace times—but a bigger, broader service than ever undertaken by any relief organization.

A message sent by the War Council of the Red Cross to all chapters shows that long ago definite plans were made to meet the emergencies

that are bound to arise when peace is finally here. It said in part:

"On February tenth last year, nearly six weeks before the United States declared war National Red Cross Headquarters advised its chapters to prepare for war.

"That which has followed in the record of the Red Cross in helping to win this war and to relieve suffering growing out of it, constitutes something of which every American citizen has a right to be proud.

"The moment is now come to prepare for peace. But even with peace, let no one suppose that the work of the Red Cross is finished. Millions of American boys are still under arms. Thousands of them are sick and

wounded. Owing to the shortage in shipping, it may take a year or more to bring our boys home from France. But whatever time, our protecting arms must be about them and their families over the whole period which must elapse before the normal life of peace can be resumed."

Don't Get Hung Up With an Acid Stomach

125,000 People Commit Suicide Every Year
A great food scientist says: "The cause of the most of them started in a bad stomach."

It's Just Acidity That Makes Millions Sick and Suffer

It's true. There are millions of people all over the land who are weak, nervous, all tired and dragged out, who are trying to build up their jaded nerves and weakened bodies with drugs and stimulants; and many of them also EAT and EAT—but fail to get anywhere near the full amount of strength and nourishment out of their food. Why? Simply because of too much acid in the stomach—acidity.

Get rid of the excess acid. Your stomach is all right—just give it a chance to work easily and naturally. Hence how good you will feel—your nerves back, and your blood warmed up—new method—truly a wonderful discovery called

EATONIC

FOR YOUR STOMACH'S SAKE

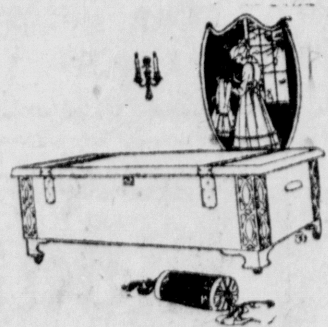

is positively guaranteed to clear the excess acid out of your stomach and bowels. It's made in the form of pleasant-tasting tablets—easy to carry around with you. Get a big box of EATONIC at any drug store and see how quickly it banishes the unwholesome effects of acid-stomach—away with heartburn, belching, food repeating, indigestion, and then see how your general health improves.

So again we tell you—insist upon it—if you are ailing, get a big box EATONIC from your druggist today. The cost is a trifle—only 80c. You have faith in your druggist. We authorize him to absolutely guarantee EATONIC to you and you can trust your own druggist to make this guarantee good. If EATONIC fails in any way, take it back—he will refund your money. If your druggist does not keep EATONIC, drop us a postal card and we will send it to you at once. You can send us the 80c after you get it. Address: H. L. Kraeger, Pres., Latonia Remedy Company, 200 Wabash Ave., Chicago, Ill.

SOME MEN OF STRAW SET UP BY THE SENATE.

Some of our Senators are setting up men of straw and knocking them down with great oratory about the danger of a League of Nations that bring "entangling alliances" and would not let us again engage in such a war as the one we waged with Mexico. Well that last ought not to be a matter of regret. General Grant, who fought in that war, declared it one of the most unjust wars ever fought by a strong people against a weak people; and our then neighbor Senator Tom Corwin, of Lebanon, said of the Mexican war: "If I was a Mexican, as I am an American, I would welcome the U. S. Soldiers with bloody hands to hospitable graves." So we ought not to feel very badly if we cannot fight any more unjust wars like that.

Senator Beveridge declares that as long as human passions prevail there will be wars, but forgets that war has until now been legalized and deliberately prepared for. Now Great Britain has joined the other Allies in accepting without reserve one of President Wilson's fourteen points which says: "Adequate guarantees given and taken that national armaments shall be reduced to the lowest point with domestic safety." Any Senator who opposes that, would be considered an enemy of humanity.

The same human nature that stopped personal combat between individuals, that stopped contests between cities and States, must now end it between nations. It is no new principle and no new human nature that is needed. Under the British flag peoples of many nationalities, races and languages keep peace with each other in spite of their human nature. Under a League of Nations, all other nationalities, races and languages, no more difficult to manage, can also keep the peace, when we cease to allow war to be legal and provide justice through a world court. It is merely a question of organization. Are we not wise enough for such a step?

But Senator Beveridge holds that the nation is the ultimate unit. So did the Kaiser and so do all Autocrats. They want to preserve the "right" of the nation to attack another and to be judge, jury and executioner in its own case. That doctrine is out of date. Our boys in the trenches put the seal of "Abdication" on it. "Above all Nations is Humanity."

This is the doctrine to be written into the New World Magna Charta which the Peace Conference will in some form draw up. Our country must prepare for the new enlargement of ideas and of allegiance. This means, not right-about-face, but rather an expansion of the application of American principles to the whole world.

Senator Beveridge conjectures the terrible things that would happen if two great nations should quarrel and each tried to get the votes of all the little nations on its side. Does he not know that no one has proposed that quarrels should be settled by the votes of nations? Is he trying to throw dust in the eyes of the common man by suggesting such absurd impossibilities? According to all proposals for a league, quarrels between nations would not be settled by the other nations, but by the most august and responsible body of judges in the world. Such judges would be removed as far as possible from temptations and would be no more locally biased than are the judges of our Supreme Court as to the States from which they come.

Instead of patient investigation and careful decision of such judges acting on law framed by a world council delegated from the nations, some of our Senators would have us choose the only alternative, the old war system, a settlement by bombs and submarines.

A league of nations presents great difficulties, but most of these vanish when you get the idea of an interdependent world.

Robert Watt, who was recently given an honorable discharge from the service with the rank of lieutenant, went on to Ft. Wayne, Ind., Thursday after spending two weeks here visiting his parents, Mr. and Mrs. D. B. Watt. He will resume the position he held prior to entering the service.

While the retail price of sugar in this country is 11-12 to 11 cents per pound, in Sweden sugar is now selling at 14 cents a pound, in Spain at 19 cents, and in Brazil at 25 cents.

"SEEING IS BELIEVING."

One of the first events of President Wilson's stay in France, according to the program cabled from Paris, will be a visit of several days to the battlefields and the ruined districts and cities, where he may see for himself just what the horrors of war have been.

The Allies were particularly anxious the President should visualize something of the physical side of the war, before entering the peace discussions and it is not surprising that they have arranged to take him to the devastated regions so soon after his arrival. No amount of reading, or study of photographs or painted pictures can convey to the mind the bitter desolation of the French battle zones. One must see what the war has wrought before the meaning of it all can be grasped.

It is slight wonder that British, French and American troops marching into the untouched, almost happy cities of Germany cannot repress a feeling of regret that the war was not brought home to the German people. It seems almost too much that the unoffending French should have had to stand so great a burden, while the offending nation escapes all but a peaceful and orderly occupation of some of its frontier towns.

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Brew Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

SPORT LOVERS NOW TURN FROM FOOT BALL TO BASKET BALL

With football in the discard and winter already upon us, basketball, the most popular winter sport in this city, is claiming the attention of the sport-loving public.

The game will be introduced in its 1918-19 season attire by the local High School team at the Rink next Friday, when the locals mix with Lebanon High in the initial contest. However, the fact that the High School team will not claim all the attention in the court game this season, is given credence by rumors that the Triangles, the independent outfit which was launched last year is again planning to don the abbreviated trousers and claim the center of the limelight for independent athletics.

The team this year has much promise as the return of many soldiers to their homes, will provide the squad with much excellent material, and it is assured that the three-cornered club will take the floor with much aplomb when it is fully organized. The team intends to make a determined bid for independent basketball honors in its class in this part of the State.

RESINOL CLEARS AWAY EMBARRASSING PIMPLES

March 30—"Some time ago pimples began to appear on my forehead, and spread so that people remarked about them, and I didn't like to go anywhere on that account. I tried various creams, soaps, and skin remedies, but nothing seemed to help me. A friend of mine who had the same trouble told me she cleared her skin with Resinol Ointment and Resinol Soap, so I tried them. After the first application all the redness and soreness disappeared, and after two or three applications my friends began to ask me what I used, my face looked so much better.

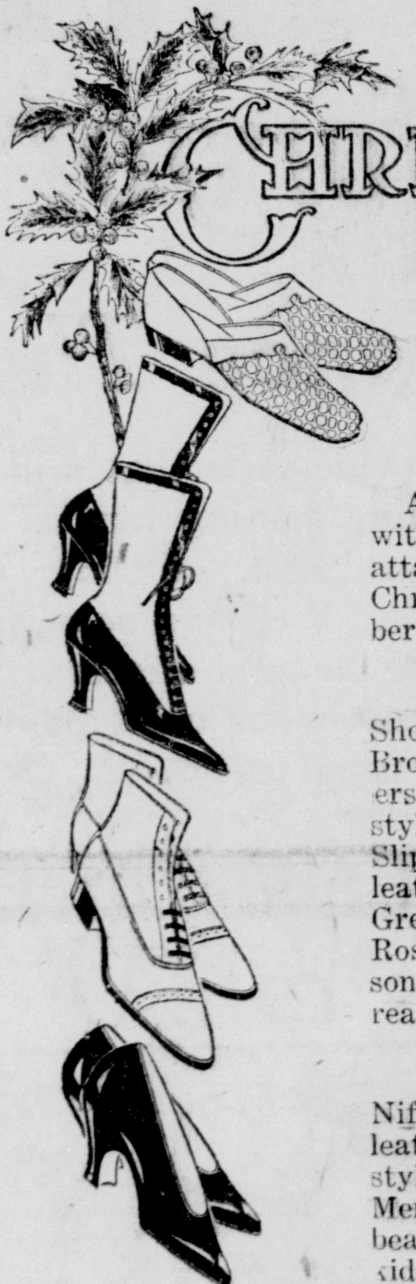

"Now I can go to places without being ashamed of those awful pimples, and I will never be without Resinol Ointment and Resinol Soap." (Signed) Miss Jessie Torrance, 67 Beech St., Rutherford, N. J.

RAY MILBURN JONES DIES

Ray Milburn Jones, the second son of Wm. A. and Anna Jones, of the Jamestown pike, died at the Washington Hospital, Dec. 12, 1918, after an illness of eleven days of grip, pneumonia and peritonitis. He was taken to the hospital Monday morning. He seemed to be on the way to recovery when a sudden turn was taken for the worse, on Thursday afternoon, and he passed away at 2:30 p. m. He was aged 12 years, 6 months and 15 days.

He leaves to mourn their loss, besides his parents, five brothers and one sister: Wm. Elza, Ralph, Ellis, Harmon, Clarke and Carrie, and his grandmother, Mrs. Elza Clark of Piqua, O.

On account of the illness of the father, the funeral services will be held at the home of his aunt, Mrs. Jas. H. Harris, 737 E. Market street, Saturday at 1 o'clock.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. ●Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

XENIA BOY VISITS THE BIRTHPLACE OF JOAN OF ARC

Harry Smith of Battery E, Third Field Artillery, writing to his parents, Superintendent and Mrs. Smith, of the county infirmary, under date of November 12, describes a visit which he and a comrade had to Domremy, the birth place of Joan of Arc.

The boys secured mounted passes, and taking their lunch, which consisted of a can of beans, a loaf of bread and an onion, they rode horseback to Domremy, a distance of about 15 kilometers, or ten miles.

They saw the house where Joan was born, and visited the beautiful church which is erected upon the spot where she had the vision and received the call to go to the rescue of France. He described the church as having many beautiful pieces of statuary and paintings commemorating the deliverer of France.

Private Smith said that his battery was near the front, waiting orders to proceed, when hostilities ceased.

His letter greatly relieved his parents, who knew that he was close to the front, and were worried because they had received no word from him since the armistice was signed.

POWERFUL PILE REMEDY DISCOVERED

Has Never Failed to End. Most Obstinate Cases of Piles in Few Days.

For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply the formation.

This wonderful prescription, known as Miro Pile Remedy, is so efficient in the treatment of piles that even chronic cases of from 20 to 30 years standing with profuse bleeding have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the most persistent case of piles is absorbed, never to return.

All phlegm, its dense mucus, or can get it for you on short notice. Surely it's worth the little trouble to obtain it to be rid of piles forever.

HERE ARE FEW OF THE THINGS PEOPLE OF U. S. HAVE DONE

At a port in France we have built a city 4 miles in length and 1 mile in width, made up of docks, warehouses, factories, and shops.

The ocean pier at this port will accommodate at one time 6 to 12 ocean steamers, drawing 30 feet of water.

At this pier 20,000 tons of supplies can be unloaded in a day. There are four and a half million square feet of covered storage space, where a million tons of supplies can be stored; but its capacity is elastic, and if necessary nearly 2,000,000 tons can be cared for.

There are 250 miles of railroad tracks to handle these supplies and convey them to our Army.

For artillery, automatic rifles, and small arms, and for ammunition for them, we have spent over \$3,700,000,000.

Since the beginning of the war we have spent over \$120,000,000 for staple supplies for our Army, such as flour, bacon, rice, etc., and it has cost over \$500,000,000 to clothe our soldiers.

Banishing Troubles.

Quick is the succession of human events; the cares of today are seldom the cares of tomorrow; and when we lie down at night, we may safely say to most of our troubles: "Ye have done your worst, and we shall meet no more."—Cowper.

LITTLE SACRIFICES WERE OF TREMENDOUS IMPORTANCE IN WAR

When the American people locked up their automobiles for a gasless Sunday on September 1, they saved enough money to provide Gen. Pershing's Army with 5,000 machine guns, costing \$250 each.

This same gasless Sunday saved enough money to buy food for the American Expeditionary Forces in Europe for two whole days.

The rubber saved by giving tires a day's rest would be sufficient to equip 3,500 motor trucks for the American Army with tires capable of running 5,000 miles.

It is estimated by the Fuel Administration that when the clocks were turned back one hour on October 27 there had been saved in seven months 1,250,000 tons of coal.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

JUDGE WRIGHT TO HEAR SCHMIDT CASE

Judge C. H. Kyle has received word from Chief Justice Nichols that he has assigned Judge Willard J. Wright of Leavenworth as the trial judge to hear the injunction suit brought against the city by H. E. Schmidt, in connection with the awning and sidewalk ordinances.

Judge Kyle asked the chief justice to appoint another jurist to preside at the trials.

The cases have not yet been assigned for hearing.

Mrs. P. A. Wright arrived home Wednesday night from Chicago, where she visited her son, George Wright and his family and other relatives. Mrs. Wright motored to Ft. Wayne, Ind., about six weeks ago with Mr. and Mrs. Arthur Perfect, and after a visit there went on to Chicago.

Master Edward Page has been shut in with the influenza since last Sunday. He is now able to sit up some.

THERE WILL NOT BE MUCH KISSING UNDER MISTLETOE THIS YEAR

Kisses under the mistletoe will be expensive and few and far between this Christmas, for mistletoe is both scarce and expensive. Not only is mistletoe scarce and expensive, but the same holds true for other decorations.

Mistletoe formerly sold for 25 and 30 cents a pound, whereas the price this year, dealers say, will be at least 40 cents a pound, and thus far there is little of it in sight.

The supply of Christmas trees last year, owing to the agitation to keep our Christmas celebration down to a minimum in order to be able to give more to the Belgians, and also owing to the lack of cutters for trees, was smaller.

Although there has been no agitation this year to make the celebration a small affair in order to help stricken Europe, there has been no improvement in the labor situation and the number of trees for the market will be smaller than last year.

TWO CONSERVANCY CASES ARE SETTLED

The conservancy district condemnation suits set for trial Friday, were compromised, and the jury instructed to return verdicts according to the terms of the compromise.

Harry McFeeley was given \$5,125 for Osborn property. A value of \$5,000 was settled upon for property in Osborn belonging to John Miller.

In a conservancy suit tried Thursday, Morris and Buell of Osborn were given a verdict for \$1,900 for their property.

Wm. Marshall, of Cedarville, who buys furs over Greene and adjoining counties, returned from New York City, Thursday, where he was called by the fur dealers he represents in this district. On his trip east he accompanied a large shipment of furs he had just purchased.

The small daughter of Mr. and Mrs. William Miller, of Caesarcreek township, is suffering from serious complications resulting from influenza.

"THE WIFE"

BY JANE PHELPS

BRIAN A TRUE PROPHET

The United States had declared war. What had led up to this declaration, is now an old story; too old to repeat here. Brian Hackett's excitement was intense. The night the papers proclaimed in black headlines that Uncle Sam had decided to join the Allies, he never slept a wink, neither did he allow Ruth to do so. He talked all night long.

"We will surely win, but it's going to be a stiff fight. Lots of men who go over never will come back. But we'll whip 'em, sure as I'm a Yank. Gee! but I'm glad we're in it at last. I must get down early. I don't want my name at the foot of the list of men volunteering. I should be ashamed to look in the glass if I wasn't somewhere near the top of the line."

"What am I to do, Brian?" Ruth had listened to his ravings very quietly. He had talked for such a long time, and not one word of her, his sorrow at leaving her, her loneliness when he should be gone; or the anxiety she would suffer.

"Go right along doing just what you are doing now, or course. That is what makes it possible for me to go—your being able to take care of yourself."

Brian did not intend to be cruel, but nevertheless he was Ruth shivered, and hot tears welled up in her eyes. That was all the thought he had for her. She was capable of earning her living; let her do it, was his attitude.

"I shall worry so, Brian." "Nonsense! Think of the poor women who can't earn money like you—men, whose husbands will have to go. You won't hear them whining, I'll bet."

"I'm not whining—I am frightened."

"Frightened—at what?" "For fear you won't come back."

"What's the odds if I don't? Some of us are bound to get out; it better be me than a man with a family of kids."

Ruth opened her lips to say something, closed them tightly again, then said:

"Oh, Brian, don't talk like that." "It's the truth." Then: "I wonder what branch of service I am best adapted for—rather, where they need me the most. I wish I knew. I can hardly wait until morning. I tell you, Ruth, the little old U. S. A. will astonish those fellows over there. Not only the Germans, whom we are going to wipe off the map, but the Allies. Really none of the foreign nations, have the slightest idea of what a big boy Uncle Sam is, and what a row he can kick up when he makes up his mind to scrap. They think we are a nation of money-grubbers. They will get a few eye-openers. They will find we are a nation of fighters."

"I know, Brian, but you must stop thinking and talking and go to sleep. You will be worn out with all this excitement." Ruth, as was usual in such matters, thought only of him. That he was also keeping her awake, that she would be tired and feel unlike her work the next day, meant nothing as compared to his well-being.

"I can't sleep. Holy smoke! How any American can sleep tonight, I don't see. To think that at last we are to do our part! I have envied those Canadians and those Englishmen more than I ever envied anyone in all my life. It made me almost sick to hear them talk. Wait until I hunt some of them up in the morning! I'll tell them a thing or two about Uncle Sam now—I couldn't before. They thought we were afraid—not of our skins, but of our pocket-books. Those same pocket-books will help win this war and don't you forget it! It takes money, slathers of it, to raise an army; and think of the things we will have to have, and the food. Why, Ruth, we are so far away it will tax the wealth of the richest nation in the world to get our boys overseas. But we'll do it! And we'll do it so quickly that we'll astonish the natives."

"Oh, Brian!" Ruth laughed a bit hysterically. "Do quiet down. You'll be sick," she didn't add, "so will I," but she felt like it.

"Not on your life! no one gets sick because they are happy."

"Are you so happy?" her voice trembled, altho she tried to hold it steady.

"You bet I am! I shall be of some use at last. It will be a very comforting feeling that I am earning my living, and living on what I earn; even though I live in the trenches on thirty dollars a month."

Ruth made no reply. But she bit her lips until they bled. Should she tell him? No! that last bitter speech decided her. She would keep her secret.

FUNERAL SERVICES FOR ROY B. STEWART

Simple but impressive funeral services for Roy B. Stewart were held at the home on West Church street, Thursday afternoon. The Rev. J. E. Quinn, who felt a warm personal friendship and regard for the young man, officiated at the service. He paid a very beautiful and fitting tribute to Mr. Stewart, speaking of his many fine personal qualities and grief which his death had caused among the many people who knew and admired him.

Interment was made in Woodland, and the casket was borne by Carl Fawcett, Clarence Grice, Harry Havestick and George McDonnell.

Useful.

An ounce of pulverized borax put into a quart of boiling water and bottled for use will be found useful for taking grease spots from wooden goods.

Standers, Walkers, "Gets-It" for Corns

World Has Never Known Its Equal.

"What will get rid of my corn?" The answer has been made by millions—there's only one corn-remover that you can bank on, that's absolutely certain, that makes any corn

Corn-Pain is Eased—the Corn is Doomed! on earth peel right off like a banana skin—and that's magic "Gets-It." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gets-It" on the corn or callus. You want a corn-peeler, not a corn-fooler. You don't have to fool with corns—you peel them right off with your fingers by using "Gets-It." Cutting makes corns grow and bleed. Why use irritating salves or make a bundle of your toe with tape or bandages? Why putter and still have the corn? Use "Gets-It." Your corn-pain is over, the corn is a "gone" sure as the sun rises. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill. Sold in Xenia and recommended as the world's best corn remedy by Sayre & Hemphill, D. D. Jones, W. H. Donges and Sohn's Drug Store.

The Unselfish Gift

No other gift can bring such all-round pleasure to so many people as The Brunswick Phonograph. The entire family and all one's friends can participate in this enjoyment.

It is for this reason so many people choose The Brunswick as a Christmas gift—and why so many families "pool" their Christmas money; so that all gain far more satisfaction than in receiving small, individual presents.

The tendency this Christmas is "a worth while present for all" rather than "a knick-knack for each."

The Brunswick is an ideal choice. It will prove an ever-present delight for years to come. This super-phonograph plays all records as they should be played—the tone is superb. Hear it today. Decide early. Avoid the rush later.

PUBLIC SALES

Have your sale announced FREE in this column early, so that you may claim your date and others will stay off it. These ads are run every day and are gratis with the large display advertising. We also publish obituary notices without charge. Let us tell you about it.

PUBLIC SALE—Dec. 17th at 10 o'clock at my residence, 2 miles north of Bellbrook on the Bellbrook and Alpha pike. Horse, cows, implements, hay, fodder 350 bu. corn, and many other household goods. Attention, R. R. Grieve, Auct. C. F. Brown, Clerk. WM. N. ROHRBAUGH.

PUBLIC SALE advertising in the Gazette and Republican brings the crowds. In the days of automobiles, the farmer has no time to stop along the road to read sale bills. He is coming to depend upon these papers to notify him of the sale date and articles to be offered for sale. It's the buyer from a distance who sees your ad in this paper, who jumps in to his auto and hustles to your sale, who pays what your stuff is worth. Your neighbor no longer can stand around and sneer at what he needs at an absurd price, as he does when you have not properly advertised, and gotten a good crowd. Use the Gazette and Republican if you want the worth of everything you offer. Don't try to save on your advertising.

CHRISTIAN ENDEAVOR RALLY IS HELD IN AT FRIENDS CHURCH

Stanley B. Vandersall, general secretary, of the State Christian Endeavor Union, and the Rev. P. E. Smoke, of Columbus, were the speakers at a Christian Endeavor rally for Greene county, which was held at the Friends church on Spring Hill, Thursday night.

Four unions in the county were represented at the rally, those of Clifton, Yellow Springs, and the Reformed and Friends unions, of this

city. Pastors of all the unions represented were present with their delegates. Rev. McKinney, from Clifton, Rev. Gaehr of Yellow Springs, Rev. M. E. Beck and Rev. H. C. Bidleum, of this city, were the pastor's present.

Mr. Vandersall talked most interestingly from the theme "Some Elements of the Present Crisis." His chief points were, Seriousness, Vision and Progressiveness, which he said were the optimistic elements for the Christian Endeavorers in the present unsettled times.

Rev. Smoke spoke of the past, present and future of Christian Endeavor work, and made an appeal for funds to finance the state union in these times of increased prices.

Following the meeting, the women of the Friends church served light refreshments.

MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

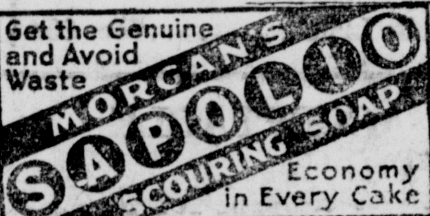

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frostbites and colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

Application For Parole

Notice is hereby given that Sherman West, 46231, a prisoner now confined in the Ohio Penitentiary, has been recommended to the Ohio Board of Clemency, by the Warden and Chaplain as legally eligible to a hearing for Parole. Said Application will be for hearing on or after February 4, 1919.

GRIP, INFLUENZA

Hamil's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

A MOTHER'S STRENGTH

Mother, whose hands rock the cradle, often needs more than ordinary food to help maintain the blood-quality and strength and to assure adequate nourishment to the child. It is as unwise for the mother, as it is dangerous to the child, to place dependence upon alcoholic stimulation, for strength is not found in alcohol.

SCOTT'S EMULSION

of purest cod liver oil, absolutely free from alcohol, is mother's true friend, in that it performs a two-fold duty. Scott's is tonic-nourishment, particularly fitted for the trying period of motherhood.

SCOTT'S EMULSION BUILDS UP STRENGTH.

BEST HOME-MADE COUGH SYRUP

When you have a severe, stubborn cough or cold, you need the best possible medicine you can get. Why not, therefore, get one which is guaranteed the most soothing and satisfactory remedy ever used, or get your money back? Druggists everywhere are authorized to refund money if SCHIFFMANN'S EXPECTORANT is not found the very best ever used for Coughs, Colds, Bronchitis, Croup, Whooping Cough or Hoarseness. When mixed at home with honey or sugar syrup, 50 cents worth makes 64 teaspoonfuls. Positively contains no chloroform, opium, morphine or any other narcotic, and is unlike any other cough medicine. It is so pleasant to take that children are fond of it. In case druggists should not have it order direct of R. J. Schiffmann, St. Paul, Minn.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Check and Abort a Bad Cold

In Five Hours With MENTHO-LAXENE.

You Buy It Concentrated and Mix With Pint of Syrup.

Doubtless every reader recalls having neglected a slight cold until in 24 hours it settled into a "Bad Cold" and then about 72 hours of distress, discomfort, if not weeks of bronchitis or pneumonia or catarrh. Now confess, if you've had such an experience, and take time by the forelock by preparing to check and abort colds, coughs, catarrh, difficult breathing, watering eyes and painful headaches.

It can be done, by taking Mentho-Laxene either in its raw state—ten drops to the dose—or by making a granulated sugar syrup and mixing in a pint bottle or jar. A pint will last a whole family for a long time and keeps every member free from the distressing after-effects of a bad cold. Mentho-Laxene is guaranteed to please or money back by The Blackburn Products Co., Dayton, Ohio, and any well stocked druggist can supply you. Don't take a substitute. There is really nothing to compare with Mentho-Laxene.

Read the Gazette want ads—they contain some interesting news every day.
